A Welcome Note from the Race Director

Thank you for joining La Grange for the inaugural La Grange Grand Prix at the Porsche Experience Center presented by Beverly Hills Porsche. La Grange has been working for two years to bring this unique course to the SoCal racing circuit. We hope that you will enjoy racing, spectating, and come back in years to come.

Zach LaBry, *Race Director* & Joe Duerr, *La Grange Treasurer*

Course

This course is smooth pavement designed exclusively to be to be taken at speed in a Porsche. The course features multiple sweeping turns, including two fast 180s, and a short, punchy climb. On the last lap, racers exit the second 180 degree turn to cross the finish line in front of the Porsche Experience Center museum.

Prizes

Podiums for the top three finishers in each race will be held after the 15 minute protest period closes in front of the Porsche Experience Center. Finishers outside the top three can claim their prizes from the registration table after the protest period has closed.

Race Numbers

Numbers must be worn on the right side.

Junior Rollout

Junior rollout will take place next to the officials stand by the start/finish immediately following each race.

Wheel Pit

There is a wheels in/wheels out pit in the center of the course. Wheels should be dropped off in the corral by registration between 90 minutes and 30 minutes before each race (the corral will open at 6am for the men's 4/5 race), and they will be driven out to the pit. Pit wheels will be available for pickup at the corral approximately 20 minutes after the finish of each race. Riders must bring their number to check wheels in and out.

Neutral Mechanic

Helen's Cycles will be providing an on-site mechanic in the pit lane to help with any on-site repairs.

Staging

Staging will take place in the pit lane across from the finish line.

Team Tents

Spaces for team tents can be reserved through BikeReg for $50 for a 12'x12' space in the pit lane. **All tents must be weighted down.** Cars are not permitted in the pit lane, but team tents and equipment may be unloaded at the racer entrance by registration.

Spectating

The Porsche Experience Center will be opening their doors for race spectators to view their collection of vintage Porsche racing cars. Spectators are welcome in the PEC pit lane after checking in at the front desk, and at the PEC viewing platform accessible off of main street just south of the main entrance. The viewing platform has a small parking lot and is also accessible by sidewalk from the main entrance. Racers are encouraged to ride to the viewing platform. **Spectators will not be allowed onto the course.**

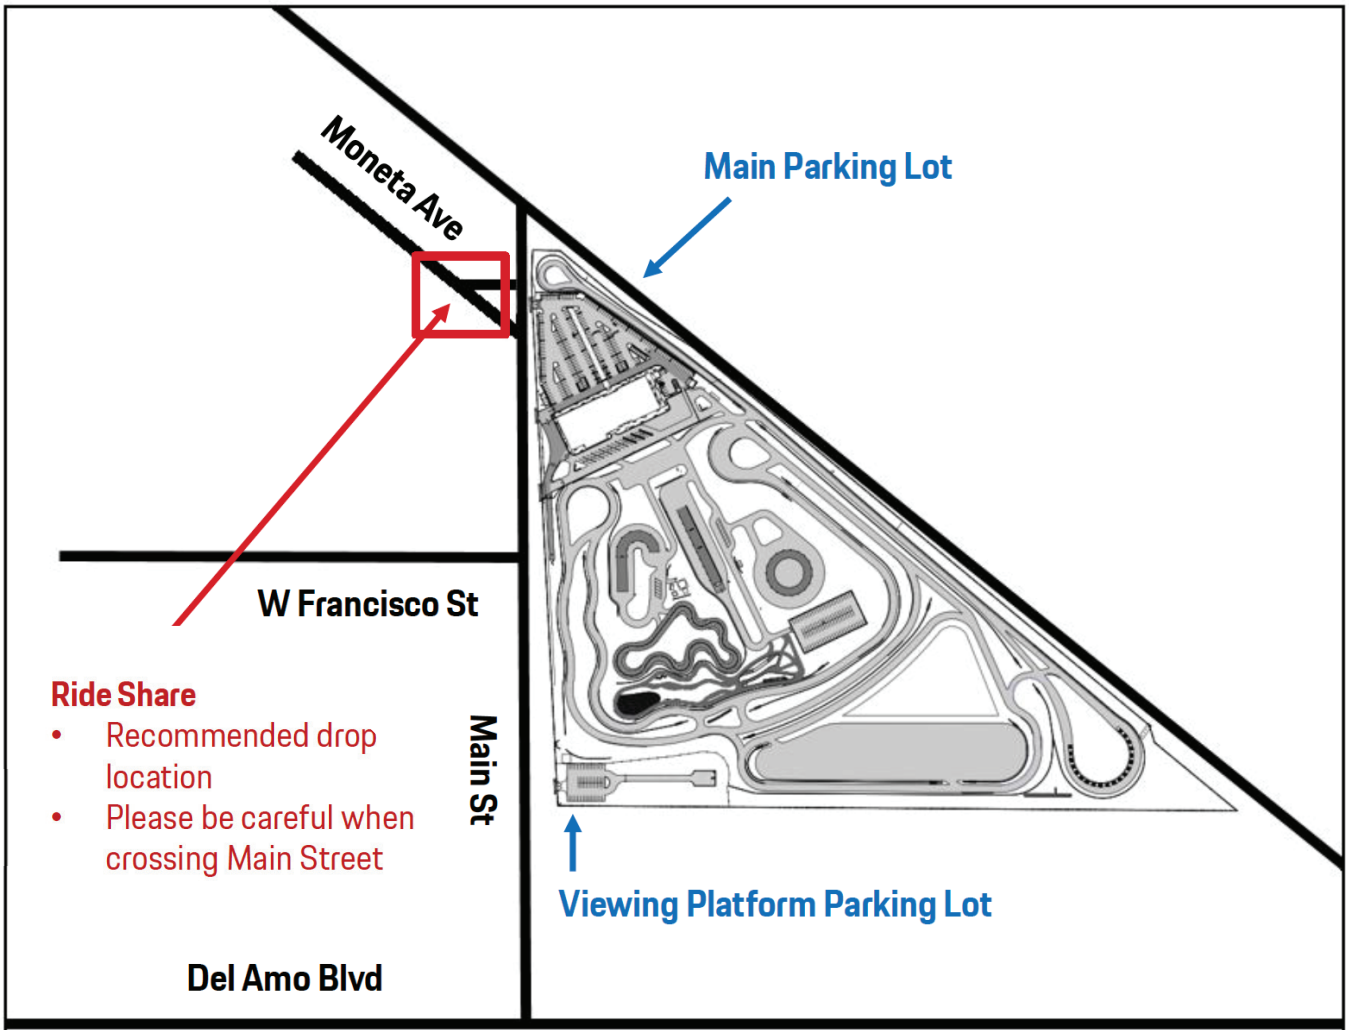
Food

The Porsche Experience Center is an event venue that typically does not allow outside food. As this is a special athletic event, racers and teams are permitted to bring pre/post-race food and beverages, but are asked not to bring meals. Spectators are not permitted to bring in outside food, and absolutely no outside alcohol is permitted on the PEC premises.

The Speedster Cafe will be open all day serving snacks, meals, coffee, and alcoholic drinks within the PEC, outside in the pit lane, and at a concession stand on the viewing platform.

Parking

Parking is available on a first come first serve basis. Carpooling is highly encouraged for racers and ride share is recommended for spectators. The main parking lot entrance is through the north gate (closest to the 405) only. Exit will be through the south gate only. Look for Acid Green wayfinding flags. Additional parking is available at the viewing platform lot near Del Amo Blvd and on adjacent streets. Please obey all parking signs and painted curbs on surface streets.



Photography

Anyone interested in shooting photography or drone footage should contact us at **lagrangegp@lagrange.org** in advance since there is limited course access.
